

Date: 14<sup>th</sup> February 2019

Dear Parents,

As part of our topic 'Dinosaur Planet' the children will be using their design and technology skills to plan, make and evaluate large-scale dinosaurs.

For this project we require household recycling materials. Please can you help us by saving any empty cardboard boxes, egg boxes, tubes etc. that are suitable for making a dinosaur model. Any item that comes into school must be clean; we cannot accept toilet roll tubes or milk cartons.

Please bring in any recyclable items on **Friday 8<sup>th</sup> March.**

Yours sincerely,

Miss Field
