

Thursday 2nd April 2026

Dear Parent/Carer,

I am absolutely thrilled to share some exciting news with you. Our Key Stage 2 children have been given a wonderful opportunity to participate in an after-school Code Club during the upcoming Summer term.

It promises to be both enriching and fun for our young learners, and I'm delighted to inform you that this club will be offered to our students completely free of charge. The sessions will run every Monday throughout the Summer term 3:15pm to 4:15pm. The final club will be Monday 13th July.

Our Code Club isn't just about technology; it's about unlocking creativity and developing problem-solving skills in our children. By attending, your child will have the chance to delve deeper into the world of coding, utilising platforms such as Scratch and the Micro:bit. Through engaging activities like building games and crafting animations, children will embark on an exciting journey of discovery and learning.

It's important to note that places for this club are limited. If your child is interested in joining us, please take a moment to register your interest by sending an email to enquiries, mentioning "Coding Club" in the subject line.

Yours sincerely,

Mrs Amanda Smith
