

Friday 5th June

Dear Parents and Carers,

In the afternoon on Tuesday 9th June, children in Year 5 have been invited to participate in a 'Medical Mavericks' workshop. The event will be held at Louth Academy Upper Site where they will have the opportunity to carry out different activities involved in medicine (e.g. carrying out peak flow and blood pressure checks). We feel this is an invaluable and inspirational experience for the children, which has been fully funded by Louth Academy, and are very excited to have been given this opportunity for our children.

This trip is within school hours and transport costs are being funded by the school. The trip will be in the afternoon and children will be back for home time as usual.

Please let us know if you have any questions.

Thank you for your support,

Mrs Duke
