

Wednesday 24th June 2026

Dear Parents/Carers,

As we approach the end of Term 6, we are supporting and preparing children for the transition into Year 1. Although we are already doing lots of transition activities with the children, we would like to also prepare them for collection from school on the main playground and drop off in the morning on the main playground too. This will be where the children are dropped off and collected from Year 1 onwards.

To prepare the children for this, please can you collect your child every day **from the main playground for the last three weeks of term (w/c 6th July, 13th July and 20th July week)**. Please can you **drop your child off for school on the main playground for the last week of term (w/c 20th July until 22nd July)**. We would really appreciate it if you could **stand next to the adventure playground and trim trail** for collection and drop off. This means the children will know where to stand and helps us identify parents quicker at collection time!

Please be advised that the adventure playground and trim trail are closed in the morning before school and after school, so we can ensure the safety of all children on the school premises. We operate a one-way system so please walk through the village hall car park, through our car park and wait on the playground. Please leave the playground through the side gate nearest to the school building and office.

The children will be spending some time with Year 1 staff later in the term and we will update you when plans are finalised for teaching staff next year. We will send out a transition profile with pictures of the Year 1 classroom and staff as soon as this is finalised.

If you have any questions, please don't hesitate to email the school office at enquiries@grimoldbyprimaryschool.co.uk or ask an adult on the door.

Kind regards,

Mrs Spendlow (Reception Teacher and EYFS Lead)
