

Wednesday 9th September

Dear Parents and Carers,

As part of our ongoing commitment to strengthening our pupils' multiplication knowledge, we will be focusing on times tables throughout the year in Year 4. Each week, we will concentrate on a **specific times table** to help build fluency, confidence, and recall speed.

Times table	Week commencing
3	14/09/2025
6	21/09/2025
6	28/09/2025
6	05/10/2025
9	12/10/2025
9	19/10/2025

To support your child's learning at home, here are a few helpful activities you can do together:

- **Recite the times tables aloud** – repetition helps with memorisation.
- **Use Times Tables Rock Stars (TTRS)** – this is a fun and engaging way for children to practise.
- **Ask quick-fire questions** – for example, "What's 6 x X?" during car journeys or mealtimes.
- **Create flashcards or posters** – visual aids can reinforce learning.

Regular practice at home, even for just a few minutes a day, can make a big difference. We appreciate your support in helping your child become confident and fluent in their times tables.

If you have any questions or would like further resources, please don't hesitate to get in touch. I have attached a copy of the times table of the week on the back of this letter.

Yours faithfully,

Mrs Smith

Year 4 Class Teacher
