Tuesday 3rd November 2026

Dear Parents,

We are excited to announce a fun and creative project coming up in Year 3! The children will be designing and building castles as part of our Design Technology. To make this activity as engaging as possible, we would love your help in collecting materials.

Please could you save and send in any clean recycling items such as cardboard boxes, tubes, and other suitable materials that can be used for construction. Please ensure that that you do not send in any toilet roll tubes and ensure recycling items are cleaned. These items will help the children bring their castle designs to life.

We kindly ask that all items be sent in by Monday 9th November 2026.

Thank you so much for your support and for helping us make this project a success!

Best regards,
Jade Denford

Year 3 Teacher
