

Reception Home Learning Tasks  
Term 6

Below are several tasks to choose from to complete at home over this term in your Home Learning scrapbook. You can complete them in any order and choose to do as many as you wish. Please write in the date when you complete them.

We would love to see your scrapbook to share with the rest of the Class.  
We will collect all scrapbooks in the final week of the term.

How is it different under  
the sea?

Date:

Go pond dipping or fishing to explore what you might find beneath the water. You could even go for a swim at a swimming pool to practice in the water or paddle in the sea. How do we keep safe in the water?

Rockpool jars

Date:

Collect seashore items and create the ocean in a jar or bottle! What types of shells could you find? Don't forget to bring it into school to share with your friends.

Sea Creatures

Date:

Visit an aquarium or pet shop with fish. Observe the sea life creatures and how they are different from each other. Can you name the parts of a fish that they use to swim and breath?

Non-Decodable Words

Date:

Practice your non decodable words in your book bag. Don't forget to put them back in your bookbag so we can add new words on to practice and so we can use them in school!

Determination

Date:

This term our whole school value is 'Determination'. Can you draw a picture of a time you were determined to achieve a goal or complete something? You could even stick a picture in or put one on Tapestry. It might even be riding your bike or swimming lessons!

You choose!

Date:

Choose a story that you have shared at home and draw a story map in your sketchbook! Can you write a simple sentence about the story?
