

Year 2 Home Learning Tasks

Below are several tasks to choose from to complete at home over this term in your scrapbook.

You can complete them in any order and choose to do as many as you wish.

(We do ask that a minimum of 3 tasks are completed).

Please write in the date when you complete them.

We would love to see your scrapbook throughout the term to share with the rest of the Class. Please can we see your fantastic work by Friday 18th July.

Art Attack!

Date:

Create a picture or a collage of a plant using leaves, petals and twigs you find outside.
Can you label the different parts too?

Seed Hunt

Date:

Go on a nature walk with your grown ups and collect different types of seeds.
Sort them and try to guess which plants they come from.

Super Stories

Date:

Imagine you are a tiny seed planted in the ground. What do you see? What do you feel? What happens as you start to grow? Who or what do you meet in the garden (e.g. worms, bugs, children)? What do you need to stay healthy? Can you write a short story titled, 'A Day in the Life of a Plant'.

Let's Investigate!

Date:

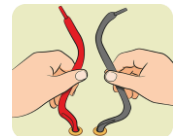

Can you plan and carry out your own investigation to test what a plant needs to grow, just like we have done in the classroom? Put plants in different conditions (e.g., no sunlight, no water) and observe the results.

Determination

Date:

This term our school value is determination. Can you choose something that you find a bit tricky and show your determination by trying to accomplish it? How about learning to do a magic trick or learning how to tie your shoelaces?

You choose

Date:

What would you like to learn about that we don't cover this term? Is there anything else you are inspired by? We can't wait to see what you decide!
