

# Year 1 Home Learning Tasks

## Term 3

Below are tasks to choose from to complete at home in Term 1.  
You can complete them in any order and choose to do as many as you wish.

We would love to see your scrapbook throughout the term to share with the rest of the class, as you complete tasks.

We will collect all scrapbooks in the final week of the term.

### Palaeontologist Study

Date:

Work with grown-ups at home to research more amazing facts about the age of the dinosaurs and the famous

people who studied them.

### Movie Making

Date:

Work with an adult to produce a dinosaur movie or show using toys, puppets or models. Evergreen bushes and a rocky or dusty area of your garden or local park would make perfect film sets!

### Roarsome Reading

Date:

Take part in a dinosaur reading challenge. How many books can you read about dinosaurs? They can be fiction or non-fiction.

Write a list of all the books you have read. Which was your favourite?

### Let's create

Date:

Create a dinosaur mask, hat or skeleton using recyclable materials and complete a diary to record each step.

### Inspiration

Date:

In Term 3, our key value is inspiration. Choose a value and create a mind map with drawings and pictures showing all the ways you show this value.

### You choose!

Date:

We've been learning lots of things across the Spring term, choose something that has inspired and interested you. Create a piece of home learning in whichever way you would like. You could create a piece of writing, make a model or create a drawing... the possibilities are endless.
