

## Things to use at home...

In school, we use the White Rose Maths resources. They have a fantastic resource that can be used on a desktop computer or as an App that can be used on any device. The [White Rose 1 minute Maths](#) helps children build greater number confidence and fluency. It's all about targeted practice in engaging, one-minute chunks!

The children are already familiar with the characters and it's such a quick and fun activity that can be used anywhere!

On the White Rose [website](#) there are also lots of 'home learning' workbooks that are available for you to use that can be used alongside what the children are learning in class.

## Check out these 7 top reasons for using 1-minute maths!

1. Excellent practice — and no distractions.
2. A clear, intuitive process that children pick up straight away.
3. No login or internet access needed. Just download and play.
4. Enjoyable and motivating... How many can they get correct in one minute?
5. Helpful hints match those used in class.
6. Brilliant for building number fluency and confidence.
7. It's **FREE!**

## Useful explanations....

- **Tens and ones** (We no longer use Tens and units) This is the value of each digit. We use equipment called Base 10 to represent the numbers.

We also use ten frames and counters to represent numbers.

- **Array** This is a pictorial representation that is used when multiplying and dividing. This array can represent the following fact family:
