

This term's project in Year 4...

Topic Name

I am Warrior!

Driving Question

What did the Romans and Anglo-Saxons do for us?

How Can You Help?

- Find out about what happened in your local area during the Roman and Anglo-Saxon period.
- Look at Roman and Anglo-Saxons artefacts online.
- Support any reading linked to the Roman and Anglo-Saxon period! Why not try the library?
- Support the Anglo-Saxon homework tasks set.

Experiences, Visits & Visitors

We have already experienced a history trip at The Lincoln Museum during the Autumn term however this term, we will have an exciting visit from an archaeologist!

English

To start the term off, we will be learning and performing different types of poems. As we start to learn about the attack of the Anglo-Saxons and Scots, we will be writing diary entries and a non-chronological report. Throughout writing, apostrophes, direct speech, expanded noun phrases and suffixes will be being taught.

Mathematics

We will be continuing to learn our multiplication facts up to 12, as well as recognising and using factor pairs and multiplying and dividing 2- and 3-digit numbers by a 1-digit number using written methods (following our calculation policy). We will then move on to learning about fractions and decimals.

Building on our knowledge of area, we will now learn how to calculate the perimeter of a rectilinear shape.

Things to Remember

Homework

Times tables of the week:

Week 1	Week 2	Week 3	Week 4	Week 5	Week 6
X7	X7	X6	X6	X9	X9

Please remember to **read daily** with your child and to keep up to date with their Reading Record. Reading Records should be signed by an adult weekly. As well as this, children need to continue practising multiplication facts on **Times Table Rock Stars**. Please feel free to do the **Project Tasks** as and when you have chance, we just ask that your child tries to complete at least 2 activities before the end of half term. This should be brought back into school in the final week.

PE

PE sessions for this term will be on **Monday afternoon** and **Friday afternoon**. Please ensure that your child's PE kit comes into school on a Monday and goes home to be washed on a Friday (sometimes the PE timetable may change). When the weather is colder, we recommend tracksuit bottoms and jackets for outdoor PE sessions.

Knowledge Summary

You will find a Knowledge Organiser on the reverse of this sheet. This will show all of the basic key knowledge that children need throughout the topic and we would really appreciate you sharing this information with your child. You could stick it up in the kitchen so you could have conversations or quiz your child. You might even want to find out more facts to share in class!
