

Thursday 20th October 2022

Dear Parents/Carers,

We are really looking forward to launching our new project on Monday 31st October. Our project next term is 'Brr it's cold' and the driving question is 'Could you live in the Arctic?'. We will introduce our new project with a memorable experience called a 'wow moment'. We would like children to come into school on Monday 31st October dressed for cold weather or as an arctic animal. Please don't feel your child has to wear something new. You can upcycle any clothes your child already has. For example, they could come in their normal winter clothes (fleeces, jumpers, hats or scarves) or they could come as an arctic animal (polar bear, reindeer, seal, arctic fox or a penguin). They could even make an animal mask at home to wear!

If you have any questions, please do not hesitate to ask me. You can always email enquiries@grimoldby.lincs.sch.uk or ring the office. Thank you for your support and we can't wait to see the children dressed up and ready to begin our new project next term. Have a wonderful half term break.

Kind regards,

Mrs Johnson
(Reception Class Teacher)

"Being the best that we can be..."
