## KS2 STEM Kids Afterschool Club 2022

Dear Parents and Carers,

We are really excited to inform you that we will be hosting a STEM (Science, Technology, Engineering and Maths) Kids afterschool club in January! This is a great way to inspire future engineers and will run for five weeks. It is open to all children in Year 3, 4, 5 and 6.

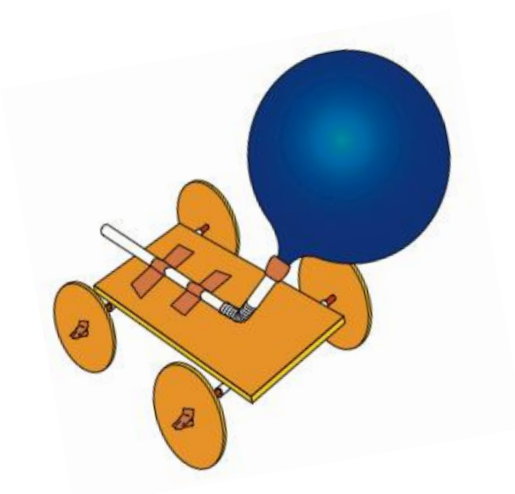

Places are very limited though - so please book your child in as soon as possible to avoid disappointment. In fact, there are only 20 places available. The cost of this club is £27.50 per child (school has already supplemented this by £10 per child). If your child is in receipt of Pupil Premium, we are able to support the cost of the club for you further – just give school a call and we will advise you on how to complete the booking for the club.

Dates, times and information on how to register your child for the club are all on the attached flyer. If your child is not successful this time, please don't be disappointed as we have already organised another club for the summer term.

As always, do not hesitate to contact school via [enquiries@grimoldby.lincs.sch.uk](mailto:enquiries@grimoldby.lincs.sch.uk) or by calling 01507 327393 if you have any questions. We are always here to help where we can.

Your faithfully,

Antonia Brooks  
Headteacher
