

Tuesday 23rd February 2021

Dear Parents and Carers

Our project for this term is Spring to life! with our driving question How do we know it's Spring?

We are going to be looking for signs of Spring and learning about life cycles, with possibly having a special delivery in school to help us with this. A Knowledge Organiser will be sent to you with this letter to show you the key knowledge that our children will need throughout the project. Spring is a very exciting season with lots to learn about new life and growth so I hope the children will engage with this and most of all enjoy their learning.

PE sessions for this term will be mainly on a Wednesday, however we may take the opportunity on other days so please send your child's PE kit at the start of each week. We are encouraging the children to be as independent as possible when undressing and dressing for PE. It would really help if this could be encouraged at home too and the children had lots of practice.

We have had a few spills within the reading packs so please can they just be used strictly for books and the children's work only.

Please continue to share your child's experiences from home on Tapestry, especially if it's linked to our project. The children thoroughly enjoy sharing the photos with their friends and this encourages lots of discussion to aid their communication skills. On a Monday, we usually share our weekend news and some children forget what they have done, so a visual prompt really helps.

At Grimoldby, we have our own Twitter page to show you what we are doing and to share any updates and information with you. Please do go on and follow @grimoldbyschool and @Nursery_GPS.

Thank you for your continued support. If you have any questions, please don't hesitate to contact the school office. We will get back to you.

Kind regards

Mrs Keefe and Mrs Morriss
